United Utilities Sewage Works Completed

The works at the Carr Lane Water Treatment plant were completed in April 2023. Chorley Parish Council were invited on a tour of the site before the site clear up was completed. We were assured that the site compound would be returned to its original state and that planting will continue over the next 12 months in line with planting seasons to ensure that the new equipment is hidden as much as possible.

Do you have a Septic Tank?

If you have a septic tank during our visit United Utilities advised us to remind parishioners to check their bills as you shouldn't be paying for wastewater.

Fix My Street—Reporting Potholes, Road Markings, Public Footpaths etc

Did you know that you can report any concerns or issues on the Fix My Street website.
